## LETTER OF APPRECIATION

This is to appreciate that Mr. Kushal Satrasala, Assistant Consultant, TCS, Bengaluru, a proud alumni of our department (2007 - 2011 batch) has delivered a Technical talk on "Software Engineering - A Real Time Experience and Its Importance in Software Engineers Life" on 16-02-2018.

His talk was realistic and he emphasized on real time applications in software industry. We are extremely fortunate to have him as our alumni and we look forward for the same cooperation in the future endeavours.

Again, we thank him for his help and we greatly appreciate the effort put by him to deliver such a informative talk.

With warm regards

**Professor and H.O.D.**  
Department of Computer Science and Engg.,  
Adichunchanagiri Institute of Technology  
CHIKMAGALUR - 577 102

As former person. I presented  
about both technologies & right institutions which present  
in IT company. Provide table of all software and hardware  
Energies & SDC.

Students were more receptive and understanding the  
concepts. I think that I made difference in their  
thinking and biases regarding.

All the arrangements done in the branch are amazing &  
and opportunity to given for student and support is really  
good. I think these kind of course are to be encouraged.

Would be working with TCS as Ad-consultant/mentor  
with healthcare domain & Bank's project expansion.
