

## Facilities Provided For Divyangjan

Divyangjan students enrolled for the ECE and CSE can make use of the ramp provided in the D-block of the institute to reach for their classrooms and lab. The ramp was established when the main building was set up.

In order to reach for the placement activities, a ramp has been set up in the HRD block. Also, this can be used to reach the BGS Seminar hall where workshops and seminar will be held.

Wheelchair is also available to reach out for the staffrooms and classrooms.
